

WEIGH-TRONIX

JB Series – Junction Boxes (For Batching Systems)

JB series includes: Enclosure (see individual descriptions) and precision span resistors.

These junction boxes are available with different selections such as enclosure, termination and number of Weigh Bars.

TO ORDER: Specify series and part number.

Description: NEMA 4, cast aluminum, anodized enclosure with gasketed, galvanized cover.

For use with **standard** connectors. *Drawing #20953*

<u>PART NUMBER</u>	<u>SERIES</u>	<u>NUMBER OF WEIGH BARS USED</u>	<u>LIST PRICE</u>
49549-0054	JBCA junction box	3	\$ 315
49550-0050	JBCA junction box	4	315
49550-0076	JBCA Junction box*	4	340

Description: NEMA 4, stainless enclosure with gasketed, stainless cover. For use with **standard** connectors.
